

SELF REVIEW

Reviewed at BOT Meeting 5/3/2012; Nov 2012 (BOT SubC)

Reviewed Nov/Dec 2013 (Tracy/Donal) Reviewed 29.02.2016 Richard White, Donal McLean

As a 'Visible', (Hattie 2010) School our processes and actions need to be clear to staff, students and our communities.

ACTION

1. To provide a framework for reviewing all aspects of the school's operations.
2. To ensure that quality systems, dependent on informed policy, are current and relevant. Refer Assessment over view (changes annually)
3. To gain valid information about how well the Board is governing and managing the school, as it works to enhance educational outcomes for all students.
4. To acknowledge what the school is doing well.
5. To use this information as the basis for planning to improve an aspect of the school's management or organisation.
6. To bring about continuous school improvement through effective governance and management.

GUIDELINES

1. The Self Review Procedures as outlined in the School Self Review statement are to be followed for all reviews.
2. Review scheduling will be reflected in the Strategic Plan and Annual Plan.
3. All policies, procedures and operations will be reviewed at least once every four years, although some policies are reviewed on an annual or bi-annual basis. These are indicated on the Policy Review Timeframe.
4. Review findings should lead to appropriate action to improve the quality of education offered at the school and to improved learning outcomes for students.
