Kia Ora koutou whanau,

On Saturday evening I was informed that one of the children in the "Fruitvale Bubble School" tested positive for COVID 19.

All of the families attending "Bubble School" on the days that could possibly have been affected have now been contacted by email by ADHB and they will also be contacted as soon as possible by phone.

The children and their families will be self-isolating for two weeks and are getting tested now.

In light of the parent survey we launched early yesterday, we felt it only right that everyone is made aware of this event (We didn't find out about the outbreak until several hours later)

To be clear:

- We were following all protocols scripted by MOE for bubble classes.
- The classroom will be deep cleaned.
- All people and the whanau involved have now been contacted.
- All future bubble classes will be held in different teaching spaces completely, so there should be no increased danger that this happen again.

Please send your best to those affected and take care in your own bubbles.

Those people expecting to be in the school bubble this week please let us know if you will still be attending the school as soon as possible.

Text me your answer on 0211296483.
