Kia Ora koutou whanau,

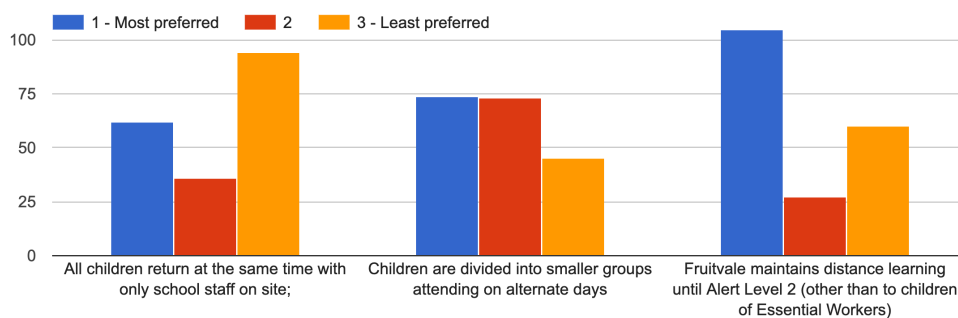

The Board of Trustees reviewed the results of our recent parent survey on Thursday afternoon on a possible return to classroom learning on November 15th. Here are the results.

Q1. Should Fruitvale return to classroom learning on Monday November 15th 2021 in line with the current government proposal?

192 responses

Q2. If the school is to return to classroom learning on November 15th, which option would you prefer?

Given recent cases at Fruitvale and Arahoe Primary school, and a request from some parents wishing to change their views,

We will rerun the survey in the near future to ensure we have your current views on a return to classroom learning and what form it might take.

Nga mihi,

Poata Eruera and Donal McLean
Board Chairperson and Principal
